Students awarded the UW Colleges Associate of Arts & Science degree have successfully completed a minimum of 60 prescribed credits. The Associate of Arts & Science degree is the foundation for many majors in the UW System and is generally accepted by University of Wisconsin institutions as fulfilling university-wide, college and school general education requirements.

The Associate of Arts & Science degree aims to provide qualified students of all ages and backgrounds with the proficiencies and breadth of knowledge that prepare them for baccalaureate and professional programs, for lifelong learning and leadership, service and responsible citizenship.

For more information about UW-Rock County, visit rock.uwc.edu. Commencement ceremonies for all students earning a degree during the 2016/17 academic year will be held on the UW-Rock County campus on Tuesday, May 23, 2017 beginning at 6:30 p.m.
