

THE WISCONSIN PROFESSIONAL POLICE ASSOCIATION

1. Require all local units of government to put their employees in the state health insurance plan or in a plan that costs no more than the state health insurance plan and has a benefit level equal to or better than the state plan.
2. Require all local units of government to create a purchasing cooperative to purchase electricity from the lowest bidder (must be a Wisconsin investor-owned utility cooperative or municipal electric).
3. Require all local units of government to use a bidding process to select the lowest and most competitive bidder for services and supplies.
4. Require all local units of government to go to referendum of voters before building new buildings above \$1 million.
5. Require that all tax exempt property tax entities, except churches, pay a negotiated fee to the city, township or village in which they are located equivalent to the cost of police and fire services.
6. Require all counties and other local units of government to have only one emergency service countywide.
7. Require all counties and other local units of government to have only one 911 system countywide.
8. Require all counties and other local units of government to have only one public transportation service countywide.
9. Require all counties and other local units of government to have only one public park system countywide.
10. Require all counties and other local units of government to operate only one airport system countywide.
11. Require all counties and other local units of government to have only one highway department countywide.
12. Require all counties and other local units of government to have only one library system countywide.

13. Require all counties and other local units of government to have only one health department countywide.
14. Require all counties and other local units of government to have only one property tax administration program countywide.
15. Require all counties and other local units of government to have only one election administration program countywide.
16. Require that zoning and land use services be 100 percent supported by consumers (developers, home buyers, etc.) through user fees.
17. Require that sewers services be supported entirely by user fees.
18. Require that highway maintenance cycles cannot be shorter than 25 years.
19. Establish an attorney service fee of \$25.00 for each court appearance.
20. Reform the shared revenue program in a manner that promotes consolidation of services, protects core local services, and which distributes shared revenue aid in a manner that reflects variances in property tax wealth.
