Wanda Smith for Fitchburg Alder

Fitchburg Wisconsin Mayor, Steve Arnold has Endorsed Wanda Smith for Alder of the City of Fitchburg, District 1, Seat 2.

Current Fitchburg Alders, Tony Hartman and Jake Johnson have offered their endorsements as well.

Mayor Arnold shared these words of confidence about Smith, "I first encountered Wanda when searching for a neighborhood representative for a city commission. She is a powerful voice for residents who are underserved by our city, because of poverty, geographic isolation, or implicit bias. I look forward to continuing to work with Wanda on the King James Way park and community development, and benefiting from her energy and insights in new areas as a member of the Common Council!"

Earlier this year, Mayor Arnold appointed Smith to the City of Fitchburg's Community Economic Development Authority (CEDA) committee which aims to build safe and equitable communities. It was while working with CEDA that Smith was inspired to broaden her advocacy and argue for the needs not of some, but people of all ages, colors, incomes, and beliefs, renters, homeowners alike, as this is the only path to a healthy community.

Smith was officially added to the ballot on Friday, January 30th, 2016.
