FROM: Dave Loppnow, Assistant Director

SUBJECT: Budgeted GPR School Aid Appropriations as Percent of Total GPR Appropriations

At your request, I am providing information relating to budgeted GPR school aid appropriations as a percent of total GPR appropriations since 1995-97.

The attachment shows GPR school aid appropriations included in each biennial budget act since 1995-97. The attachment also shows total GPR appropriations as well as the percentage GPR school aid appropriations represented of total GPR appropriations. The budgeted amounts presented in the attachment are drawn from the summary documents published by this office after the enactment of each budget. For the 2017-19 budget, the funding amounts reflect the budget bill as passed by the Legislature (Enrolled AB 64).

The top part of the attachment shows the budgeted appropriation amounts from 1995-97 through 2017-19. The bottom part of the attachment presents the same information but shows the biennial appropriation amounts from the highest percentage share for school aids to the lowest percentage share.

I hope that this information is helpful. Please contact me if you have any questions.
