Rep. Allen looks forward to working with Gov. Walker on Workforce Development and Wisconsin's future

Representative Scott Allen (R-Waukesha) issued the following statements after Governor Walker's State of the State address this afternoon:

"Wisconsin workers are known across the nation as being highly skilled and having an exceptional work ethic. We also know that demographics are shifting, and that growing a skilled workforce is becoming a greater challenge.

"I agree that the state of our state is strong, and that our future is bright. This session, I hope we can find sustainable solutions in the transportation fund, and discover ways to improve education for every child in our state."
