Representative Snyder Reacts to Governor Walker's State of the State Address

Madison...State Representative Patrick Snyder (Schofield) issued the following statement regarding Governor Walker's 2017 State of the State Address:

"This afternoon, Governor Walker laid out his vision for the state of Wisconsin for the upcoming year. I could not be more excited to begin working with Governor Walker and members of both chambers in order to continue moving Wisconsin forward.

The recurring theme of the Governor's address was addressing our workforce needs in Wisconsin. As a member of the Assembly Committee on Workforce Development, I look forward to addressing and solving these issues by working to get every person possible out in the workforce.

I hope the constituents of the 85th Assembly District had the opportunity to listen to the Governor's address today. I look forward to begin working in Madison for the people of the 85th!"
