## **Rep. Edming's Statement on the 2017 State of the State Address**

**MADISON** – Representative James Edming (R-Glen Flora) issued the following statement in regards to Governor Walker's State of the State address yesterday afternoon.

“I think Governor's State of the State Address was fantastic. I agree with him that the state of our state is strong and I am pleased with the goals he laid out yesterday to make it even stronger.

“When I talk to employers in the 87<sup>th</sup> District and surrounding areas, I hear time and time again that there is a need for more skilled workers. I am pleased that the governor has made workforce development a priority. This session, I look forward to working with the governor and my legislative colleagues to help craft policies that will continue to build the modern workforce that our state's employers need.

“I am also pleased that Governor Walker discussed continuing broadband expansion efforts in our state. This issue is very important to the people of the 87<sup>th</sup> Assembly District and I am eager to work with my colleagues and the governor's administration to meet the need for high-speed internet in our state.”
