Dr. Lowell Holtz Statement Following Governor Walker's State of the State Address

Beloit, WI – Dr. Lowell Holtz, candidate for Wisconsin Superintendent of Public Instruction, issued the following statement regarding Governor Scott Walker's State of the State Address.

"A major focus of Governor Walker's State of the State Address was on workforce development. His point that every student in Wisconsin deserves a quality education, and that parents are the best decision-makers when it comes to their children's education hit the nail right on the head. Workforce development is driven by career and technical education at all levels. Tony Evers has blocked reform in that area. As your State Superintendent of Public Instruction, I pledge to work with the Governor, the State Legislature, business leaders, educators, parents and students to ensure Wisconsin continues to expand our learning opportunities for all students. It is imperative that we make education a top priority in Wisconsin. Our children are Wisconsin's future workforce and we must provide them with opportunities for success."

Dr. Lowell Holtz is a candidate for Superintendent of Public Instruction in Wisconsin. In addition to being a teacher and principal, he has served as Superintendent of the Palmyra-Eagle, Beloit, and Whitnall School Districts. He spent much of his childhood in Milwaukee's Sherman Park neighborhood, and is the son of a retired Milwaukee Police Officer. Lowell is married to Dr. Susan Holtz, his high school sweetheart and wife of 36 years, and together they have raised five grown children. In addition to his roles in education, Dr. Holtz has over two decades of experience in law enforcement.
