FEP Statement on Governor Evers' State of the State speech

MILWAUKEE— Fair Elections Project Director Sachin Chheda released the following statement in response to Governor Evers' discussion of redistricting in tonight's State of the State speech.

"It's great to hear tonight that the governor has continued to make fair, open, transparent, honest redistricting a priority.

"If there's one thing the last few weeks have taught us, it's that the vast majority of Americans demand less partisanship and less divisiveness. We want a government that is more responsive to the people.

"Every elected official in Wisconsin should commit to seeing through a nonpartisan, transparent, fair and independent redistricting process."

About the Fair Elections Project

The Fair Elections Project is fighting for fair redistricting around the country by inspiring and supporting litigation, legislation, and public advocacy to stop partisan gerrymandering. The goal is to end map-rigging, so that instead of politicians choosing their voters, voters can choose their elected officials, and elections will again be meaningful.
