## **Rep. Tittl Statement on State of the State Address**

*Manitowoc lawmaker promises to work to keep Wisconsin moving forward*

**Madison, WI...** State Rep. Tittl (R-Manitowoc) issued the following statement after Governor Tony Evers' State of the State address, which was delivered virtually to members of the Wisconsin State Legislature and the state on Tuesday evening.

“The state of our state is slowly improving. The last 10 months during the pandemic have been full of hardship but I am happy to see Wisconsin communities coming together to support one another.”

“I have been disappointed with the lack of attention and help the Evers' administration has given towards the colossal backlog of Unemployment Insurance claims early on in the pandemic. I am frustrated as so many families and individuals, many of my own constituents were forced and continue to go without benefits or any correspondence from the state for months.

“Like many Wisconsinites, I likewise am frustrated with the poor planning and distribution of the coronavirus vaccine throughout the state. With lives on the line, there simply is no room for error or mismanagement. The governor must take action to improve vaccine allocation.”

“Just last week, Assembly Republicans passed a COVID-19 Relief Bill to provide the Evers' administration and our state with more tools to fight the coronavirus and help families and businesses during the pandemic. Many new ideas came out of bipartisan discussions and I am hopeful that we can send the legislation to the governor shortly.

During this new legislative session, Rep. Tittl looks forward to voting on bills especially those that would improve our election process and address mental health. “As the assembly works to set priorities and balance the budget, I promise to continue my efforts to keep taxes low and mental health care more accessible.

“I look forward to the opportunity to hearing from my constituents about their views on the State of the State address. I'm dedicated to protecting Wisconsin taxpayers, working to reconstruct the state economy and being a voice for Wisconsin's 25<sup>th</sup> district here in Madison.”

*The 25th Assembly District includes portions of Calumet and Manitowoc Counties.*
