Statement on Passage on Bill for Protecting Pre-Existing Conditions

Madison – Today, Rep. Amy Loudenbeck (R-Clinton) released the following statement after Assembly Bill 1, which would help ensure protection for individuals with pre-existing conditions, passed the State Assembly.

“I am proud to have voted in support of AB 1 today. Assembly Republicans made it a clear priority to make sure the first action we took for the 2019-2020 Legislative Session was to do what we can to protect individuals and families with pre-existing conditions.

“This legislation will make us a leader in the Midwest on pre-existing condition coverage and one of only five other states in the country to ensure that all three elements of the pre-existing condition protections will remain in place for state residents regardless of changes at the national level,” said Loudenbeck.

The bill passed the Assembly with bipartisan support and is awaiting Senate action.
