## **Response to Marquette University Law Poll**

MADISON--Below is a statement from Governor Tony Evers' spokeswoman, Melissa Baldauff, in response to the Marquette University Law Poll results.

"As the governor said on Tuesday night, the will of the people is the law of the land.

"The people overwhelmingly agree with Governor Evers that we should accept federal funds to expand Medicaid, increase funding for special education, raise the minimum wage, and take steps towards marijuana legalization.

"At the same time, voters are rejecting Republicans' unconstitutional attempt to undermine the will of the people.

"The governor looks forward to presenting the People's Budget next month and working with legislators to ensure that the will of the people is the law of the land."
