Senator Miller's Statement on U.S. District Court Decision

Madison – “The decision by the federal court to require new redistricting maps by November 1, 2017 is great news for Wisconsin. Voters should always pick their elected officials instead of elected officials picking them. I hope that legislative republicans are more competent with their second chance.

“In our democracy, people have the right to hold their government accountable in fair, competitive elections – I am pleased that power should finally be returned to the people of Wisconsin.”
