## **Rep. Taylor Condemns President Trump's Hateful Agenda**

“In his first ten days in office, President Trump has taken aim at the very foundation of our country. From an executive order allowing the construction of the Dakota Access oil pipeline, which denigrates Native American lands, to executive orders targeting immigrants, refugees and Muslims, President Trump has shown a deep disregard for the Constitution and the bedrock principles that make our society a democracy, including religious freedom. In the wake of President Trump's embrace of discrimination, millions of people are gathering around the country to send a message that America's diversity doesn't make us weak, but strong. We will continue to stand together, link arms and resist Trump's agenda of division and hatred.”
