

KATHLEEN VINEHOUT
STATE SENATOR

February 8, 2017

Senator Vinehout statement on the Governor's Budget Address
Let's wait to see the small print

“Governors like to put the good news in headlines and the bad news in small print.”

“Over the next several weeks, we will learn more about the small print details when the non-partisan Legislative Fiscal Bureau releases their budget summary. Until then, Wisconsin citizens would be well advised to reserve judgement on Governor Walker's plan.”
