Republican Party urges Fond du Lac County Board to oppose Redistricting Resolution

Waupun- The Republican Party of Fond du Lac County opposes the partisan effort by some county board members to approve a resolution that calls for Wisconsin to allow for so called *non-partisan* board to determine legislative and Congressional districts.

“The Constitution has allowed legislatures to draw legislative maps since the founding of our country,” said Rohn Bishop, Chairman of the Republican Party of Fond du Lac County. *“Just because Democrats lost a couple elections and a bunch of frivolous lawsuits is no reason to blow up a nearly 200 year old process of drawing legislative maps.”*

Democrats have been complaining about the maps drawn by the legislator since the 2010 election. It has cost taxpayers millions as liberals have sued over the maps for the last eight years.

“The legislative maps have repeatedly been found to be constitutional and legal; this is nothing more than a cry baby attempt to remove the legislative map drawing responsibilities away from legislators who are held accountable by voters to a unelectable board, likely made up of liberal bureaucrats, and for that reason we oppose this resolution,” said Bishop

The Fond du Lac County board will be voting on this resolution Tuesday night. “It’s a waste of their time and has nothing to do with governing Fond du Lac County,” Bishop concluded.
