Rep. Taylor to Hold In-District Office Hours

Encourages constituents to stop by and share concerns

MADISON – Rep. Chris Taylor (D-Madison) will be holding three upcoming listening sessions in the 76th Assembly District over the next month. Rep. Taylor’s Office Hours are open to the public and constituents are encouraged to attend and ask questions or share their concerns.

“Simply put, my job is to represent the views of my constituents. Nothing beats face-to-face communication! These Office Hours are another way that I can learn more about issues facing our community and work with my constituents at the local, state and federal level, to best address their concerns,” said Rep. Taylor.

Friday, March 11
