**Rep. Taylor's Statement on the Passing of
Former State Representative Tamara Grigsby**

MADISON – “In my years at Planned Parenthood of Wisconsin and now as a legislator, there are few legislators I have encountered that come close to having the passion and fight that Tamara had. She was the perfect mix of intelligence, eloquence and forcefully blunt honesty in her quest to advocate for people’s most basic rights.

“When Tamara retired from the Legislature a couple of years ago, I was thrilled to learn she would be joining Dane County so that our community could benefit from her hard work and experience – like Milwaukee County did over her many years of public service. We were all better legislators for having the opportunity to know and work with Rep. Grigsby.

“The announcement of her early passing is absolutely heartbreaking. Tamara’s family and friends are in my thoughts and I express my sincere condolences for their loss.”
