Patti Logsdon, Deanna Alexander and Leadership MKE Don't Know How to Tell the Truth

Patti Lodsdon, Deanna Alexander and Leadership MKE continue to peddle outright lies in a coordinated effort to confuse voters on Pay-to-Park issue. Supervisor Steve F. Taylor supported a 2018 budget amendment (1A034) that required a work group, public hearing and a proposal that needed an approval from the Milwaukee County Board before any pay-to-park plan could be implemented. That amendment was adopted 16-2 with only Deanna Alexander and Democrat John Weishan opposing.

On February 15, 2018 the County Board denied County Executive Chris Abele's pay-to-park proposal (18-203) by a vote of 13-4. Supervisor Steve F. Taylor voted yes but Deanna Alexander voted no.

"It is sad that my opponent doesn't understand the budget process or worse is knowingly lying to the residents about my record. My opponent's campaign literature says she has attended a number of meetings and she was present for the budget adoption which concerns me that she just doesn't get it. This lack of basic knowledge or propensity to lie should automatically disqualify her from the office she seeks. Shame on you Patti."

This week Deanna Alexander sent out a barrage of tweets lying to her followers and then was interviewed by Vicky McKenna where the dishonesty continued. Leadership MKE, funded by Chris Abele, has spent over \$130,000 on outright false and negative mailers and digital advertising.
