UW-Whitewater provides applications, jobs, and door prizes at Veteran & Family Members Education Fair

UW-Whitewater offers “one stop shopping” for veterans and their family members at an education fair that will take place June 5, 10-3, in the Old Main Ballroom of UW-Whitewater’s James R. Connor University Center. The event will feature onsite benefits applications, free onsite career interest inventories, jobs outlook information, advising, free financial planning applications and onsite admissions applications for UW-Whitewater and Blackhawk Technical Institute. In addition, UW-Whitewater’s Human Resources Department will be accepting job applications for positions available across campus. Laptops and resources will be available to participants so that all applications can be completed at the education fair. The event was funded through a Wisconsin Department of Veterans Affairs grant. Music, food and \$800 of door prizes are also in store for the occasion. For more information, please contact Lauren Smith at UW-Whitewater (smithlb@uww.edu).
