Badger Advocates Comment on Joint Finance Committee Action

[Madison...] Badger Advocates Executive Director Matt Kussow released the following statement Thursday, following votes taken by the legislature's Joint Committee on Finance.

"Continuation of the tuition freeze becomes more detrimental each year. At some point lawmakers have to let the Board of Regents run the universities again. We believe Wisconsin taxpayers, the students, and the parents of students at UW-Madison would be better served with the establishment of a tuition schedule that forecasts reasonable and modest increases in tuition which help UW-Madison build upon its great legacy as a premier research university. We hope future legislatures take a longer-term view, empower the Regents with the ability to govern, and strike a better balance for taxpayers and the economic catalyst that is UW-Madison."

Badger Advocates, Inc is a private 501(c)4 dedicated to advocating on behalf of UW- Madison. Follow us at www.BadgerAdvocates.org and on Facebook @BadgerAdvocates.
