(*Madison, WI*). Pat Goss, Executive Director of the Wisconsin Transportation Builders Association (WTBA), released the following statement regarding the Joint Finance Committee's vote on the transportation budget:

"The Wisconsin Transportation Builders Association is encouraged to see legislative leadership put forth a plan that acknowledges Wisconsin's deteriorating transportation infrastructure and takes steps to address the issue with increased levels of funding.

"Like Governor Evers did in his budget proposal, the Legislature recognizes the significant, statewide transportation funding needs as well as the impact of delaying important projects all around the state. We look forward to continuing to work with the Legislature and the Governor on a final budget resolution that also makes progress on implementation of a long-term, sustainable funding solution."
