## **Chamber Accepting Applications for Fifth Annual Pressure Chamber Competition**

***Region's premier pitch event returns Aug. 16 to kick off eight-day Forward Fest***

MADISON – The Greater Madison Chamber of Commerce announced today it is accepting applications for this year's Pressure Chamber startup program, which returns Aug. 16 to kick off Forward Festival, an eight-day celebration of entrepreneurship and innovation in Madison. The popular initiative includes participation and support from active regional investment firms, as well as the Wisconsin Alumni Research Foundation and Wisconsin Economic Development Corporation.

"Since its beginning four years ago, Pressure Chamber has provided an impactful platform for dozens of growing companies to tell their story and connect with new opportunities," said Chamber Vice President Kevin Little. "We look forward to another year showcasing the very best of Greater Madison's startup scene."

Applicants for Pressure Chamber go through a screening process that may include presentations with prominent Wisconsin investors. From there, a select number of companies will be chosen to pitch in front of a panel of out-of-state investors, business executives and a live audience during Forward Fest. The winning company is decided based on a combination of judges scoring and audience votes. In addition to receiving the coveted "golden suitcase," the winning company will also receive an all-expenses paid spot on the Chamber's exclusive Madison-area startup delegation to San Francisco this October for meetings with top Silicon Valley investment firms.

Little noted the recent launch of new, daily non-stop service connecting Dane County Regional Airport and San Francisco International Airport as an additional proof point of Greater Madison's economic momentum.

"In our first few community trips west, our primary objective was getting Silicon Valley's attention to the talent and innovation here. We are excited to return this year and let them know it's more convenient and quicker than ever to see it in person," he added.

Past Pressure Chamber winners have credited the initiative for helping their company close successful funding rounds. Additionally, Pressure Chamber has been recognized by both the International Economic Development Council and Steve Case's Rise of the Rest Summit as an entrepreneurship and economic development best practice. Participating companies have included EatStreet, Propeller Health, Redox, Datica, Fetch Rewards, HealthMyne, Cardigan, AkitaBox, Moxe, DotCom Therapy, Fishidy, bluDiagnostics, POLCO and more.
