“NOBODY KNEW THAT HEALTH CARE COULD BE SO COMPLICATED”...Trump...2 years ago

Who Knew? Everyone but President Trump. And it has become even more complicated since subsidies were canceled and ACA provisions have been waived in many states.

Most people do not know that the House recently passed legislation to strengthen the ACA. Nor do they understand how that new legislation compares to Medicare for All proposed by Bernie Sanders.

On the afternoon of June 23rd, Robert Kraig of Citizen Action of Wisconsin will answer our questions regarding the many health care proposals and options being touted or proposed by presidential candidates.

COME TELL YOUR STORY: Before and after Dr. Kraig's presentation Dan Folkman of Folkman Productions has graciously offered to record short health care-related stories (maximum of two-minutes per recording). You can sign up ahead of time by contacting Shirley Horowitz at Shirley.horowitz@att.net for more details. If Dan has time open, he may be able to add in others who wish to participate. Results will be linked to our web site, and if shared with Citizen Action of WI if you give permission.

WHEN: Sunday, June 23rd, doors open 2:30; presentation 3:00 to 5:00.

WHERE: Brown Deer Methodist Church, 5736 W. Brown Deer Road, Brown Deer
