Statement from Legislative Leaders on Ruling from the Supreme Court in the *League of Women Voters vs. Evers* Case

[Madison, WI] – Following Friday’s ruling by the Wisconsin State Supreme Court in the *League of Women Voters vs. Evers* case, Senate Majority Leader Scott Fitzgerald and Assembly Speaker Robin Vos released the following joint statement:

“We are pleased by the Supreme Court’s common sense decision. The Court upheld a previously non-controversial legislative practice used by both parties for decades to enact some of the most important laws in the state.

“This lawsuit, pursued by special interests and Governor Evers, has led to an unnecessary waste of taxpayer resources. We urge the governor to work with the Legislature instead of pursuing his political agenda through the courts.”
