Roys Releases Statement on Supreme Court Decision in Janus v. AFSCME

MADISON, WI -- Democratic gubernatorial candidate Kelda Roys released the following statement on the Supreme Court's ruling in Janus v. AFSCME:

"Today, the Supreme Court dealt a serious blow to the rights of working people across our nation. This flawed decision is the result of a stolen Supreme Court seat and a far-right ideology that places the interests of wealthy corporations over the needs of hard-working Americans.

America's middle class has a union label on it. Our labor unions have been an important guarantor of the rights of all workers to have a voice in our workplaces. As governor, I will work tirelessly to empower all workers and to protect the right of every worker to join a union if he or she chooses, so that all working people are treated with dignity and fairness in the workplace."
