REP. HINTZ: STATEMENT ON GABLEMAN CONTRACT

MADISON – Today Representative Gordon Hintz (D-Oshkosh) issued the following statement:

“The fact that Robin Vos is spending \$11,000 per month to hire a Trump acolyte who is one of the most corrupt Wisconsin Supreme Court justices in history tells you all you need to know about this so-called ‘investigation.’

“To satisfy those in Wisconsin and at Mar-a-Lago who support the Big Lie, Vos has hired someone with zero public credibility to help deliver a rubber stamp result, and he’s wasting thousands of taxpayer dollars to do so. This continues to be an electoral witch hunt, which is undermining the security of our democracy in Wisconsin.”
