Representative Dallman Responds to Governor Signing the Budget

Madison, WI --- Representative Alex Dallman has released the following comments in regards to the biennial budget that Governor Evers signed into law today:

“In my opinion, this was the best decision the Governor could have done. The Joint Finance Committee did a tremendous job at getting rid of the liberal wish list that the governor had originally proposed.”

“This historic tax-cutting, fiscally responsible budget created by the Republican legislature deserved to be signed into law, and I believe Governor Evers followed our footsteps. This just proves that the legislature listens to Wisconsinites and this budget creates good for all.”

“Nonetheless, I am proud we were all able to come together and sign this budget into effect. We stayed devoted to our beliefs and followed through on our promises.”
