Milwaukee...NAIOP Wisconsin CEO Jim Villa issued the following statement on the announcement that Foxconn will construct a plant in Wisconsin.

“Wisconsin is leading the way and has worked very hard to create a culture that fosters investments in projects like Foxconn. Wisconsin’s success with Foxconn is a testament to what can happen when vision and hard work put us in a position to seize opportunity.”

“The Foxconn investment is a game changer for all Wisconsin and will have an impact on every facet of the state’s economy. The creation of more than 10,000 jobs and over \$10 billion in investment in Southeastern Wisconsin will be a catalyst for expansion and growth like nothing we have seen in decades or possibly longer.”

“Today’s announcement is great news for our industry, economic development, and job creation, and is an important step in continuing the momentum in the Forward state!”

NAIOP Wisconsin is a trade association representing nearly 400 commercial real estate developers, owners, investors, and related professionals in the State of Wisconsin, and is a Chapter of NAIOP, the Commercial Real Estate Development Association.
