Statement on Yabuki Family Foundation Gift to Children's Wisconsin

MADISON, Wis. – In reaction to the announcement of The Yabuki Family Foundation's large donation to Children's Wisconsin, Sen. Dale Kooyenga (R-Brookfield) issued the following statement:

The Yabuki Family Foundation's generous investment in Children's Wisconsin mental and behavior health efforts will bring about a generational change that will result in healthier, happier kids in our community and state.

Kids with healthier minds and bodies will have more success in school, develop the tools and skills they need to be more fulfilled adults, and be better prepared for a healthy and prosperous life.

The Milwaukee area and all of Wisconsin is very blessed to have leaders like Jeff Yabuki and the Yabuki family so committed to our young people. I applaud their commitment to children and their generous philanthropy.
