ABC of Wisconsin President John Mielke statement on FoxConn

MADISON, WI -- Statement from John Mielke, president of Associated Builders & Contractors, Wisconsin Chapter:

“The announcement that FoxConn plans to build an estimated \$10 billion manufacturing plant in Wisconsin is phenomenal economic news for our state. The impact will be immense, beginning with more than 10,000 construction jobs in the immediate future and for years to come in the employment of thousands of Wisconsinites. The workforce policies of the Walker Administration are paying huge dividends.”

###

Associated Builders and Contractors is a national trade association, representing more than 21,000 merit contractors, subcontractors, material suppliers, manufacturers and construction-related professionals. With more than 850 members, the Wisconsin chapter is the largest in the country. ABC members support the merit philosophy which stresses open competition and the free enterprise system, and believe the best construction projects are those built on merit.
