## **New Revenue is not the Answer on Transportation Budget** *Increasing tax bills is not “leadership”*

Madison, WI – Senator Duey Stroebel (R-Cedarburg) issued the following statement regarding Joint Finance Committee Chairman John Nygren’s desire to raise Wisconsin’s tax bill.

*Wisconsin has faced budget challenges before. Five years ago, Republicans transformed our state with Act 10. It is time for all Republicans to join Governor Walker and lead on this issue with courageous reforms to improve our state for many generations. Republicans have never stood for tax increases before; we cannot start now.*
