**Statement by WI Chapter of the American College of
Emergency Physicians on Governor's Announcement on Face Coverings**

The Wisconsin Chapter of the American College of Emergency Physicians applauds Governor Tony Evers for his most recent Emergency Order to combat COVID-19.

Emergency Physicians have been on the front lines of the coronavirus pandemic and recognize the importance of wearing face coverings to help stop the spread of COVID-19.

WACEP hopes today marks a turning point in this public health emergency and will get Wisconsin back on the right track of stopping the spread of COVID-19 and moving Wisconsin forward towards recovery.

We are thankful for the Governor's leadership and hope all Wisconsin residents work to comply with this Order.
