BROOKFIELD, WIS. (August 2, 2018) – Dr. Jennifer Hoppe Vipond, Republican candidate for Wisconsin’s Fifth Congressional District, released a new campaign video as part of her “Prescription for Change” leading up to the August 14 GOP primary.

The video is called ‘Jawboning on Tariffs Ineffective, Jim’ and refers to comments by Senior Member of Congress, Rep. Sensenbrenner, on the best way to fight against tariffs on behalf of farmers, business and voters in District 5.

“Tariffs are hurting Wisconsin farmers, business owners and families. Which is one of the reasons I’m running in Wisconsin’s Fifth Congressional District Republican Primary, Tuesday, August 14.

“Tariffs take money out of our pockets. Tariffs increase the cost of goods. Tariffs kill family-sustaining jobs. And, Tariffs threaten global security.”

“Dairy farmers are already hurting and small family farms cannot withstand even the short-term impacts of a trade war. My job in Congress will be to watch out for the people of District 5. Tariffs are a tax. Consumers will be the ones paying that tax. We will be hit especially hard in District 5 due to the number of small manufacturers and farmers here.

“We threw out tariffs as a first response and now the tariffs are gone and we are starting trade negotiations. The European Union is our ally. We should have started with trade negotiations and avoided a lot of drama and uncertainty.”

“If the tariffs lead to better trade agreements that would be great, but many in District 5 cannot survive the short-term impact and those are jobs that will not come back. It makes sense to punish the bad actors, such as China, for stealing our tech advancements and trade secrets. It does not make sense to alienate our allies.”

*Dr. Jennifer Hoppe Vipond was born and raised in Wisconsin's fifth district, and has practiced as a pediatrician in Waukesha country for over 25 years. She has spent the majority of her life in Wisconsin's fifth district, where she and her husband, Mark, raised six children while she maintained a full time medical practice. Dr. Vipond has taken a common sense approach to medicine, which has garnered her a loyal following of families who admire Dr. Vipond for her intelligent, caring, and no-nonsense approach to patient care.*
