### **WPHCA celebrates National Health Center Week**

Madison, Wis.— August 12 – 18, 2018 marks National Health Center Week, a week of celebration and appreciation for communities, patients, staff, and supporters of Community Health Centers.

“Health Center Week is the perfect time to reflect upon the abundance of strengths in our communities,” said Stephanie Harrison, CEO of the Wisconsin Primary Health Care Association. “Every day, we hear a new example of community members and organizations banding together, supporting one another to thrive. This week, we want to capture and highlight that spirit.”

Health Center events and open houses are happening throughout the week at various locations, and WPHCA will be highlighting Health Center efforts via social media. For more information go to [www.healthcenterweek.org/events](http://www.healthcenterweek.org/events).

The Wisconsin Primary Health Care Association Community is the member organization for Wisconsin’s 18 Community Health Centers. Health Centers in Wisconsin provide health care to over 300,000 individual statewide; including primary medical, oral, behavioral health and recovery services. To learn more and find a Community Health Center near you, please visit us at [www.wphca.org](http://www.wphca.org).
