SUBJECT: GPR Funding for the UW System Adjusted for Inflation, 1973-74 to 2015-16

At your request, I have prepared a table that shows the UW System's total state general purpose revenue (GPR) budget, which includes GPR funding for debt service, from 1973-74 to 2015-16 in both nominal and inflation adjusted dollars. That table has been attached to this memorandum.

I hope this information is helpful. Please contact me if you have additional questions.
