## **Statement from Rep. Barca on new state revenue figures**

MADISON – Today Assembly Democratic Leader Peter Barca (D-Kenosha) released the following statement after the Department of Revenue released figures showing state tax collections for FY 2014 came in \$281 million lower than first projected:

“This is further evidence that the policies of Gov. Walker and the Republican legislature are not working for Wisconsin. These estimates from Walker’s own Department of Revenue show an economy that continues to lag behind all other Midwestern states.

“Every step of the way, Democrats have offered alternatives that would have invested more in job training and economic development, which would have been better for Wisconsin taxpayers – yet Republicans chose a fiscally irresponsible path that still has us falling behind.”
