Assembly Republicans Approve Significant Investments in Education

Madison – Rep. Shannon Zimmerman (R-River Falls) released this statement following the Joint Committee on Finance’s passage of the most financially significant investment in K-12 education in Wisconsin’s history:

“I believe a healthy and vibrant K-12 education system is critical to the success of our communities and the great state of Wisconsin. The Wisconsin State Assembly has approved the most significant funding investment in our K-12 system in the history of Wisconsin. This investment will provide more than \$600 million in additional funding for schools while simultaneously reducing property taxes to pre-2010 levels.

Every dollar we invest in our educational institutions will bring a significant return on investment to our families, communities, and workforce in the future.”
