Madison – State Representative Janel Brandtjen (R-Menomonee Falls) released the following statement regarding the subpoenas issued to Brown and Milwaukee counties that are coming due on Tuesday, September 7:

"With the overwhelming amount of questionable election activity in Green Bay and Milwaukee, it is clear that a thorough investigation of the physical ballots, equipment and other election materials is warranted. Both Brown and Milwaukee counties need to be aware that they are bound by statute to preserve all election materials for twenty-two months."
