## **Lori Hawkins Endorsed by End Citizens United**

End Citizens United (ECU) announced that its state level project, Fight for Reform, is endorsing Lori Hawkins in Wisconsin's 21st State Senate District. This endorsement is a recognition of Lori's dedication to getting money out of politics and fixing our broken political system.

For the past seven years, Republican leaders have whittled away at Wisconsin's campaign finance laws. They doubled individual contribution limits, removed contribution limits between political parties and candidates, and gutted the Government Accountability Board. These extreme moves by Republican lawmakers have opened the door for big money donors to have unprecedented influence over our elections while eliminating proper, non-partisan oversight.

Lori Hawkins has pledged to reinstate the individual contribution limits in Wisconsin and fight to make dark money organizations disclose their donors. Additionally, Hawkins has pledged to accept no corporate PAC money while her opponent, Sen. Van Wanggaard, continues to rely on big money donors and corporate special interests.

"I'm proud to stand with the people of southeastern Wisconsin against the tactics of big money, anything goes politics," said Hawkins, "I look forward to serving as the next State Senator from the 21st District as a voice for everyday people, not a rubber stamp for wealthy special interests."
