Statement on Assembly Joint Resolution Regarding Redistricting

MILWAUKEE— Jacob Malinowski, communications director at the Fair Elections Project, issued the following statement in response to the Assembly Joint Resolution regarding redistricting introduced Thursday:

“This resolution is yet another piece of the puzzle as Speaker Vos and his right-wing allies try to rig the maps and disenfranchise voters. The current map was thrown out in federal court for disenfranchising voters, and although that decision was overturned by a partisan Supreme Court majority, the substantive issues raised continue to go unrefuted.

“It’s time we had a fair process and we start with our actual communities, not the Speaker’s rigged 2011 maps.”

About the Fair Elections Project

The Fair Elections Project is fighting for fair redistricting around the country by inspiring and supporting litigation, legislation, and public advocacy to stop partisan gerrymandering. The goal is to end map-rigging, so that instead of politicians choosing their voters, voters can choose their elected officials, and elections will again be meaningful.
