## **Representative Rob Brooks Receives the Conservative Excellence Award**

**Saukville, WI**—This week, Representative Rob Brooks (R-Saukville) received the American Conservative Union Foundation’s “Conservative Excellence Award,” for his commitment to limited government, traditional values, free-market capitalism, and tax reform.

“It is an honor to be recognized by this venerable organization, one of the leaders in advancing conservative thought in the United States, for my steadfast commitment to tax reform, limited government, personal liberty, and traditional values. Throughout my tenure in the Assembly, I have made it a foremost priority to champion these issues and remain true to the principles on which our republic was founded,” Representative Brooks stated.

The American Conservative Union Foundation’s (ACUF) Center for Legislative Accountability is the nation’s gold standard for holding elected officials accountable for their voting records and the only organization to rate the nation’s 8,000 lawmakers in Congress and all fifty states. Our ratings reflect how elected officials view the role of government in an individual’s life. Furthermore, ACUF’s *Rating of the States*, helps identify legislators who have courageously fought against the liberal tide.

“Throughout my tenure in the Assembly, I have voted consistently with the ideals articulated in the United States Constitution. Chiefly, limited and transparent government; individual rights; personal responsibility; and lasting cultural values,” Representative Brooks said.

The American Conservative Union Foundation’s mission is to help individuals understand that conservatism is the political philosophy that sovereignty resides in the person, and that it is essential to aspire to conservative principles if we are to successfully govern ourselves.
