Andraca Endorsed by Vice President Joe Biden and Senator Kamala Harris

WHITEFISH BAY – Vice President Joe Biden announced his endorsement of Deb Andraca in her race for Wisconsin’s 23rd Assembly District. Andraca is fighting for a safer, smarter, healthier Wisconsin in one of the most-targeted races in the state.

“I am honored to receive an endorsement from Joe Biden,” said Andraca. “Joe Biden and I share many of the same values when it comes to fighting for better schools, affordable health care and safer communities. Vice President Biden understands the importance of down ballot races like ours, and I’m thrilled to have the Vice President’s support. ”

The 23rd district is widely considered the most likely to flip from Republican to Democrat in the Assembly. This announcement highlights the significance of Andraca’s race and the momentum that she and her team have built over the past 10 months.”
