Statement From Sheriff Earnell R. Lucas Regarding a Milwaukee County Board Committee's Advancement of Proposals to Increase Correctional Officer Pay

MILWAUKEE – I would like to thank the Milwaukee County Board of Supervisors' Personnel Committee for considering and advancing two budgetary proposals that increase correctional officer pay.

These proposals mark a step forward in making correctional officer pay more competitive and more proportionate to their difficult and arduous but important work.

I look forward to further working with the committee and the full board to secure fair compensation to the hardworking men and women who maintain the Milwaukee County Jail and the care of its occupants.
