DREW BROWN, GEORGIA PANTZLAFF TAKE HONORS IN WISCONSIN STATE HIGH SCHOOL CLAY TARGET LEAGUE FALL SEASON

Wisconsin – Drew Brown of Boscobel High School took home top individual honors in the Wisconsin State High School Clay Target League’s (WISHSCTL) 2018 fall season. Georgia Pantzlaff of Denmark High School earned the trophy for top female overall for the season, which wrapped up competition on October 27th.

“We are proud to congratulate Drew and all the student athletes that participated this fall.” said Jim Sable, President of the WISHSCTL. Overall, ten schools and 30 students [won conference awards in the 2018 Fall League](#).

The WISHSCTL Fall League offering is open to high school teams that competed in the 2018 Spring League. The fall competition is 3 weeks shorter than in the spring, and there is no final tournament to end the season. “The Fall League is a way for high schools to continue offering clay target shooting as an activity for those students that don’t participate in other fall sports.” WISHSCTL Vice President John Nelson said. “Providing a safe and fun outdoor activity for students keeps them involved in school, and can help improve overall classroom engagement.”

The Wisconsin State High School Clay Target League attracts student athletes to participate in shooting sports while creating a “virtual” competition among high school teams throughout Wisconsin. Family travel is minimal because practices and competitions are conducted at a shooting range near the school’s location. Conferences are determined by team size rather than geographic location for fair competition. Athletes earn True Team® scoring points as determined by their performance and ranking against all athlete scores within their team’s conference. The team score and overall standing are calculated by adding the earned points from qualifying athletes and posted on the WISHSCTL’s website. Athletes and their families track their individual and team performance on their phone, tablet or computer via the Shooter Performance Tracker®.

The Wisconsin State High School Clay Target League is a member of the [USA High School Clay Target League](#), a division of the USA Clay Target League – a non-profit corporation. The League is the independent provider of clay target shooting sports as an extracurricular co-ed and adaptive activity for high schools and students in grades 6 through 12. The League’s priority are safety, fun, and marksmanship – in that order. Each student is required to pass a comprehensive firearm safety education course prior to participation. Nationwide, over 26,000 students representing over 800 school-approved teams participate in the League.
