## **Caleb Frostman Statement on General Election Loss**

Door County, WI – Caleb Frostman released the following statement following the results of the election in Senate District 1.

“This campaign was about bringing people together to improve our region. Voters in the 1st Senate District deserve to have opportunities for everyone in our area to succeed - whether that is through more investment in public schools and technical colleges, increasing access to affordable healthcare, improving our aging infrastructure, or conserving the natural areas that make our corner of Wisconsin so incredible.

“While I am disappointed with tonight’s results, I am humbled and thankful for all of the support that I have had throughout this journey. Our community came together to fight for the future of Wisconsin, but tonight we came up short.

“I hope that the people of Wisconsin do not lose hope. We need to keep working to ensure that our children and grandchildren have a safe and peaceful environment to grow up in. Everyone, regardless of their gender, race, and religion deserves a dignified life, and it is up to us to hold our representatives accountable, and to fight for the future of our State.”
