Snodgrass Statement on Election Results

Appleton, WI – Lee Snodgrass issued the following statement after the results for Senate District 19.

“Success can be measured in many ways and while we may not be celebrating a campaign victory, we are celebrating a positive, energized, grassroots, effort that turned a race against a legacy incumbent in a lean Republican district into one of the most competitive state legislative races in the country. From the beginning our campaign was focused on the issues that cross party lines: healthcare, public education, fixing our crumbling infrastructure, and creating an economy that supports families and I am call on those elected, no matter their party affiliation, to the voices of all the voters and govern in a way that expands the opportunities for working families, the middle class and others who have felt left behind by the Republican Party.

While we came up short this time, I am thankful to the voters who supported me and my gratitude to the volunteers who worked tirelessly and with big hearts because they believe in a Wisconsin that works for everyone, not just a few cannot be overstated. With election decisions made we must translate the campaign energy into holding electeds accountable for campaign promises as we move forward together.”

###

Snodgrass is running for the 19th Senate District, which includes portions of Outagamie and Winnebago counties. Snodgrass is the director of communications for the Girl Scouts of the Northwestern Great Lakes and has lived in Appleton for 23 years.
