Statement on the 14th District Election and Canvass

Wauwatosa...Matt Adamczyk released the following statement regarding the recent reports of a new vote total discovered in Wauwatosa:

“I’d like to thank all the people who supported me in my election for the 14th district. I’m heartened by all the people who have reached out offering their support as we await the formal result. This new unofficial result discovery is the reason we have a canvass. I will wait until after the official canvass results to announce my decision whether or not I pursue a recount.”
