OFFICIAL RESPONSE TO UNIVERSITY OF WISCONSIN SYSTEM RESTRUCTURING PLAN

We understand that bold reform is needed to address the obstacles this state will face in the future. It is our hope, that the UW Leadership recognizes the importance of student input throughout the implementation process from regional implementation teams to the system as a whole.

We asked the leadership today to allow for a student representative with voting rights on the steering committee, and we hope they accept this request, because when it comes to deciding the future of our state, the future deserves a seat at the table.
