Representative August Elected Speaker Pro Tempore

GOP Leadership Position is Second Highest in State Assembly

MADISON...Representative Tyler August (R-Lake Geneva) announced today that he was elected by his peers to serve as the Assembly Speaker Pro Tempore. The position is the second highest constitutional office in the State Assembly.

“I am humbled by the support my peers have entrusted in me again this session,” said August. “I look forward to ensuring the Assembly floor sessions are fair and efficient.”

The primary role of the Speaker Pro Tempore in the State Assembly includes presiding over the State Assembly when it is in session. The position requires a keen knowledge of the Assembly Rules as well as the diplomatic skills to work with the other side of the aisle.

“One of my top goals is to ensure that each representative has the opportunity to have their voice heard on the floor of the Assembly,” explained August. “I will always put the integrity of the Assembly first and foremost over any politics.”

As Speaker Pro Tempore, August is also a member of the Assembly Republican leadership team. After the most recent legislative elections, the Republicans hold the majority in the Assembly by a 63-36 margin. August said he looks forward to building upon the past 8 years of accomplishments that have been made since he was first elected in 2010. August has been the Speaker Pro Tempore since 2013.
